

MARK TEAGUE, AICP

Associate Principal

In over 30 years of public- and private-sector experience, Mark has worked throughout California in agencies large and small and is considered an innovative problem solver. His projects include planned communities, shopping center EIRs, general plan and zoning code updates, impact fees, and public outreach for projects highly scrutinized by the public. Mark is often able to offer a unique approach to meeting a critical goal of a project. His experience as a planning director, and ability to see the whole of the project, ensures that every environmental document meets the need of the client. He has served as on-call extension of staff for numerous cities throughout California including Wildomar and Eastvale.

Mark is also an excellent public speaker and regularly presents at the League of California Cities Planning Commissioner's Academy on topics such as design guidelines, CEQA compliance, and how to read an EIR. He also teaches CEQA to staff with a focus on how new legal decisions affect compliance. Because of his public outreach skills, Mark has helped with projects ranging from Walmart to water-bottling plants and conducted town hall meetings about development services department efficiencies and increases in utility fees.
