

ROBERT MAZUR

Associate Principal, Director of GIS

Rob has extensive experience creating maps and datasets for a range of planning projects. He specializes in all facets of geodatabase development, data management, web GIS, and spatial and tabular analyses for improved decision-making, information retrieval, and cartography. His experience in a wide variety of planning projects, coupled with his expertise in GIS and field data collection, make him a key asset to any team. Rob excels at quantitative and spatial analysis, including buildout calculations, walkability, community health modeling, cartography, and land use scenario modeling. He works directly with clients and staff to develop effective, efficient, and informative GIS processes.

Rob is well versed in advanced and current planning practices in both the public and private sector, and has an excellent understanding of the relationship between data management and its importance in achieving service delivery standards for the work of community development and public works departments. Rob has brought his GIS skills to a number of general plan updates throughout California, and has managed a variety of mapping projects in Los Angeles County, the Bay Area, and beyond.
